

***Delivery Policy***

The delivery of the purchased eGift Certificate will occur electronically. Once payment is successful, you will receive a payment confirmation. The lucky recipient of the eGift Certificate will receive by email (as provided by you in the payment form) instructions on how to obtain their gift certificate. The eGift Certificate is to be printed by the recipient and redeemed against purchases in any of our stores. So easy and convenient!

***Consumer data privacy policy***

The Salamander Group recognizes the importance of our customers' privacy. We believe that privacy is more than an issue of compliance—it is one of trust. We manage personal information based on our basic belief in respect for the individual. We collect personal information to improve our clients' shopping experiences. We strive to limit the amount of personal information collected to support the intended purpose of the collection.

We collect personal information when you make an online eGift Certificate purchase from us. The Salamander Group uses your information to:

- Administer surveys, contests, and promotions;
- Help us improve and customize our service offerings, websites, and advertising;
- Send you information about our products, services, and promotions; and
- Protect the security and integrity of our websites and our business.

The Salamander Group does not sell or rent your personal information to third parties. We only disclose your personal information with your prior consent. We may disclose your information under other special circumstances. These include situations when the sharing is necessary to protect the safety, property, or other rights of The Salamander Group, our customers, our employees, or any other person, or where otherwise required by law.

***Security Capabilities and Policy***

Your data is processed in a secure way for both our customers' protection and also our own.

- 256bit SSL encryption is used for entering credit card information to the website.
- 128bit SSL encryption is used for the communication between the website and the payment gateway.
- Only the last 4 digits of a credit card number remain on record.
